Mysuru, July 28 (RK&BCT)- The National Junior Ranking Sailing Championship is set to begin tomorrow at the backwaters of Krishna Raja Sagar (KRS) Dam in Srirangapatna of Mandya district. The Royal Mysore Sailing Club (RMSC) is organising the mega event in association with National Federation - Yachting Association of India (YAI). It concludes on Aug. 4

RMSC member and promoter of Siddharta Hotel and Windflower Resorts P.V. Giri told *Star of Mysore* this morning that over 70 participants — from Tamil Nadu, Hyderabad, Mumbai, Bhopal, Goa and Karnataka, Indian Navy and Indian Army — have already registered for the event and they are coming to the venue in batches.

"Tomorrow morning, we are expecting more registrations and we have a ceiling of 150 and participants are arriving from all over India," he said. Preparations are on in full swing. Sailors too are studying the wind condition and are unloading the boats from the vehicles and are making it event-ready. The championship winners can subsequently qualify for Asian Games, European Games and even the Olympics, Giri added.

This is the fourth such championship being held at KRS backwaters in 2021 and 2022 and tomorrow's championship will be held in 'ILCA 4.7', 'RS-1', Optimist and 'Optimist Green Fleet' categories. The title of the event is sponsored by NR Group, supported by MIPL Global and powered by Hotel Siddharta. Mysuru Hotel Owners Association is the hospitality sponsor.

The Sailing Championship is not open to the public and is by invitation only. For invitation, one can contact RMSC Founder Captain Arvind Sharma on Mob: 90350-98720.

After National Junior Ranking Sailing Championship, RMSC will organise **National Fun Regatta** from Aug. 4 to Aug. 7 which will help bring participants and visitors from across the country together and explore Mysuru as a tourist destination.

The RMSC is also taking the initiative in launching a campaign directed towards the growth of Mysuru as a city. Titled 'City of Sails', the campaign will highlight the significance of sailing as a sport and the importance of KRS backwaters associated with Mysuru.

EDITOR'S BOTTOMLINE

Our thoughts on death can greatly determine our outlook on life. Do we want to stay bound to the transience of everything? Is it right to grieve for a long time over the loss of a loved one? As Kaushalya warns Dashrath in Ramayan: "Grief destroys courage. It destroys one's learning and all noble attributes. There is no enemy greater than grief." How then are we to look death courageously in the eyes? Krishn answers this question in Bhagavadgita by pointing out how we may understand death in terms of moksha. At the beginning of Mahabarat, Arjun is doubtful as to whether he should really fight. He is grief-stricken by the prospect of killing his teachers and elders in battle.

Krishn as the compassionate teacher reveals to Arjun: "There was never a time when I did not exist, nor you, nor these rulers of men. Nor shall we ever cease to be hereafter." He assures Arjun that as the Atman we are all indestructible and eternal. Our divine core is the same in all times past, present and future. It is only when we mistake ourselves to be the body that death befalls us.

Krishn goes onto say that "the unreal has no existence and that which is real never ceases to be." What does he mean? That death simply does not exist — it is the ever-changing Maya, a mere illusive appearance. Death is only a dream seen within realms of duality. As such it symbolises flawed thinking and wrong attachments to our ego expressing itself in terms of 'me' and 'mine'.

Instead of contemplating death in fear our lives should be a celebration and constant prayer of gratitude for everything — but most of all a thanksgiving to God for the chance to unite with the One Self. This is what Krishn taught Arjun about death.

The world's most difficult overpass to navigate

Beijing: Featuring 20 ramps intertwined over five levels and connecting three major expressways, the Huangjuewan Overpass in Chongqing, China, is considered to be the world's most complicated overpass.

When the first photos of Huangjuewan Overpass first hit the internet, a few years back, they cause a mix of shock, amazement and concern, especially among motorists. Many were wondering how on Earth less-experienced drivers were supposed to find their way with so many ramps and lanes to choose from. And, even if you consider yourself an experienced driver, Huangjuewan does look a little daunting, at least at first sight. Despite its designers' claims that it looks much more complicated than it truly is, Huangjuewan has become known as the world's most complicated overpass.

Completed in 2017, after five years of planning and another seven years of actual construction work, Huangjuewan Overpass is considered somewhat of an architectural wonder and its lead designer insists that any concerns about navigating the overpass are unfounded.

Rare pink diamond unearthed

Angola: Miners in Angola have unearthed a rare pure pink diamond that is believed to be the largest found in 300 years, an Australian site operator announced Wednesday.

A 170 carat pink diamond — dubbed The Lulo Rose — was discovered at Lulo mine in the country's diamond-rich northeast and is among the largest pink diamonds ever found, the Lucapa Diamond Company said in a statement.

Although The Lulo Rose would have to be cut and polished to realise its true value, in a process that can see a stone lose 50 percent of its weight, similar pink diamonds have sold for record-breaking prices.

REALLY...?

- *Photos of pets have been taken since the inception of the camera. The oldest known photograph of a dog is a daguerreotype of a white poodle titled Poodle with Bow, on Table, taken by an unknown photographer in the 1850s.*
- *A daguerreotype is a direct positive that's made in the camera on a silvered copper plate. The process involves a long exposure time that makes our modern day shutter speeds of 1/1000 second and faster pale in comparison when it comes to time commitment. To take the shot surely must have required one very patient photographer or one heavily sedated dog—or both. This piece sold at Sotheby's for $8,125 in 2009.*

Murder of BJP Yuva Morcha leader

Bommai Government's Janotsava rally cancelled

Praveen Nettaru

Bengaluru, July 28 (KMS&DM)- Following the brutal murder of BJP Yuva Morcha leader and Hindu activist Praveen Nettaru at Bellare in Dakshina Kannada district late night on Tuesday and the subsequent anger of the party workers and public outrage, the State Government cancelled the 'Janotsava' rally to mark the first anniversary of Basavaraj Bommai Government, that was scheduled to take place at Doddaballapur in Bengaluru Rural district today (July 28).

Announcing the cancellation of the event at an emergency briefing to the press at Bengaluru last midnight, Chief Minister Bommai announced that the Janotsava rally and the Government programme at Vidhana Soudha on Thursday stands cancelled in the wake of public anger against the brutal killing of Praveen Nettaru.

Maintaining that he was deeply pained over the incident, Bommai assured that Police have been directed to arrest all the killers, who have gone absconding after brutally hacking Praveen to death. Noting that Praveen's killing that comes just after a few months of the brutal murder of another Hindu activist Harsha at Shivamogga, is an attempt to disturb peace and harmony in the region, the CM said that stern action will be taken against the miscreants.

Separate Anti-terror squad to be formed

Continuing, Bommai said that with rising incidents of hate and terror related crimes, the Government has decided to set up an exclusive anti-terror wing to curb terrorism and anti-national activities by certain organisations.

Pointing out that more than 25 Hindu activists have been killed in the past few years, Bommai said that apart from punishing the culprits, stern action will also be taken against organisations which are behind the miscreants.

The Government is also thinking about banning organisations which are suspected to be carrying out terror and anti-national activities clandestinely targeting Hindu leaders and activists, he added.

Advocates protest against amendment to Registration of Births and Deaths Act

Mysuru, July 28 (RKB&DM)- Strongly opposing the amendments to The Registration of Births and Deaths Act, Advocates under the banner of Mysore Bar Association boycotted Court proceedings and staged a demonstration in front of the Deputy Commissioner's (DC) office here yesterday.

Arguing that the amendments seek to keep JMFC (Judicial Magistrate First Class) Courts out of the purview of deciding issues concerning births and deaths and wrest the powers with Assistant Commissioner's (AC) Court on deciding births and deaths registration disputes or issues, the Advocates contended that the issues, which hitherto used to be decided at Taluk-level, will now be decided in the AC Court at the District headquarters, which will be of great inconvenience to Advocates and the public.

Urging the Government to bring back the old practice, they demanded establishment of exclusive Revenue Courts and to appoint retired District Judges for taking up cases.

The Advocates submitted a memorandum seeking to restore the powers back with JMFC Courts for redressal of births and deaths registration issues and thus avoid inconvenience to the general public and as well as to Advocates.

Earlier, the Advocates marched in a procession from the District Courts Complex to the DC's office.

Mysore Bar Association President M. Mahadevaswamy, Vice-President Puttasiddegowda, office-bearers S. Mahadevaswamy, G.M. Nagesh, B.S. Bhagyamma and others were present.

Vatal Nagaraj stages protest against GST on food products

Mysuru, July 28 (RKB&DM)- Strongly opposing the imposition of GST(Goods and Services Tax) on packed food products, Kannada Chaluvali leader and former MLA Vatal Nagaraj staged a demonstration against the Centre at Jayachamaraja Wadiyar circle(Hardinge Circle) in the heart of the city yesterday.

Raising slogans against the Centre, Vatal Nagaraj accused the Government of burdening the common man by imposition of GST on food products such as Butter Milk, Curds, Lassi etc, which are of daily use. Alleging that the Centre is imposing GST on everything, Vatal urged the Government to immediately withdraw GST on essential items and articles that are of daily use and thus come to the rescue of the common man, who is already reeling under soaring prices of essential commodities.

Urging the State Government to nominate a clean hand and an able person for MUDA, Vatal wanted the State Government to go ahead with Mekedatu project as planned, without effecting any changes to the project plan.

Referring to the trial blasts at Baby Betta, Vatal said that the Government must not allow mining or quarrying in the area for any reason. He warned of an agitation if stone quarrying around KRS Dam is not banned immediately.

Mysuru's *thatte idli* floors celebrity chef Sanjeev Kapoor

Masterchef and team shoot at over 20 hotels in Mysuru for global show 'Taste India'

Masterchef Sanjeev Kapoor at Poojari's Fish Land near Srirangapatna yesterday. Nadeem Ahmed of the hotel is also seen.

Mysuru, July 28 (GA&BCT)- Celebrity chef Sanjeev Kapoor, who revolutionised India's culinary landscape, was in Mysuru, visiting various hotels and restaurants that are known to serve authentic local dishes and also food from the neighbouring regions. After many TV and online shows, the Masterchef is currently shooting for the 'Taste India' show where he brings to the table the techniques, processes and varying cooking methods of many a genre, from the main course to starters and desserts, across the nation.

He runs a successful TV Channel 'FoodFood' and is an author of best-selling cookbooks, restaurateur and winner of several culinary awards. He is living his dream of making Indian cuisine the number one cuisine in the world and empowering Indian women through the power of cooking to become self-sufficient.

Sanjeev Kapoor was bowled over by the impressive architecture of Mysuru city, its culinary traditions and varieties, art and culture and traditional buildings. The 'Taste India' show also features bits about a particular region's art and culture, distinct flavours and also the region's USP.

"Mysuru is a well-planned city and who can forget Mysuru Dasara? When I was associated with ITDC (India Tourism Development Corporation), I worked at the Lalitha Mahal Palace Hotel and I had even got my mother to Mysuru," he told *Star of Mysore* yesterday amidst his busy schedule.

"For the 'Taste India' show, we have begun shooting at various distinct places of India and we have completed shooting in Varanasi and Kolkata. As of now, we are shooting in Bengaluru and Mysuru. We have visited over 20 hotels in Mysuru and have filmed the making of *thatte idli,* food at the military hotels, Mailari Dosa and other unique food of the region," he said, appreciating the simplicity and unique taste of *thatte idli* and a wide variety of dishes at military hotels.

He had a special word about the *thatte idli* which is very different from the regular *idlis.* People running *thatte idli* hotels told the shooting team that this kind of *idli* is available only in the Mysuru, Bidadi and Bengaluru regions.

After filming vegetarian and non-vegetarian spread inside Mysuru city, the team headed towards the Mysuru-Bengaluru Highway and stopped at Poojari's Fish Land near Srirangapatna. "From the outside, the hotel looks ordinary but it is impressive from inside and the taste of coastal spread is unmatched," Sanjeev Kapoor added. Later, the team headed towards Maddur, to sample and shoot Maddur Vade.

The format of the 'Taste India' show is to bring out region-specific culinary skills and the duration of the programme is one hour. "We also film the places, geography, buildings, architecture, cityscape and cultural aspects. We take about six days to shoot a city or a town and their surroundings," Sanjeev Kapoor said.

'Taste India' is a global show and the main intention of the show is to safeguard health through food. "After the COVID pandemic, people are becoming more and more health-conscious and are looking at ways and means to improve their immunity through food. This show is being designed to aid such people," the celebrity chef added.

Fly directly to Tirupati, Agatti in Lakshadweep from Mysuru soon

Mysuru, July 28 (RK&BCT)- Very soon Mysureans can directly fly to Tirupati and bask in the sands of Agatti Islands in the Union Territory of Lakshadweep as the Mysore Airport authorities are finalising routes, pricing and packages for spiritual tourism and beach tourism.

Speaking to *Star of Mysore* this morning, Airport Director R. Manjunath said that there is a huge demand for a direct flight to Tirupati and Shirdi and spiritual tourism can be initiated. "We just finished talks with IndiGo to operate flights to Tirupati as there is a great demand and we are discussing the pricing and occupancy rates as per the specifications of the Centre's flight schemes. Very soon, the Tirupati flight will be a reality along with a flight to Shirdi," he said.

"In addition, the tourist destination of Agatti in Lakshadweep islands is also on our radar. At present, we have a connecting flight to Agatti and the response is good," he added.

The connecting flight to Agatti is operating for the last 10 months and Air Alliance is the operator. It is a daily flight that links Bengaluru-Mysuru-Kochi and Agatti and the flight has not been listed in the Mysore Airport schedule as it is a connecting flight. "We are analysing the occupancy rates and will take a call on the direct flight from Mysuru to Agatti," Manjunath added.

In addition, there is a definite plan to increase the flight frequency between Mysuru and Chennai as there is high demand. "The pandemic has eased and people have started travelling and even the tourist and spiritual destinations are teeming with visitors. At present, Mysuru is connected to Bengaluru, Hyderabad, Goa, Kochi, Chennai and Hubballi and we are witnessing 70 to 80 percent occupancy," the Airport Director added.

"Going forward, we are looking at connectivity to Kalaburagi, Pune, Thiruvananthapuram, Mangaluru, Mumbai and even New Delhi. Also, Mysuru's business community is seeking a direct flight to Ahmedabad. Many proposals will take wings after the expansion of the runway is completed where the runway will be extended from the existing 1,740 metres to 2,750 metres and widened from the present 30 metres to 45 metres," Manjunath said.

In the first incident, a 42-year-old woman has been cheated of Rs. 6.40 lakh. The victim is M.R. Roopa, a resident of Raghavendranagar in city.

Roopa had received a message on her mobile phone, which stated that she had bagged a prize and a total of Rs. 6.40 lakh was illegally transferred in phases from her Bank account as various charges, thus cheating her.

In the second case, 27-year-old Shruthi, a resident of Chamundipuram, who received a message on her phone which stated that she had bagged a car as a prize, has been cheated of Rs. 2,22,800, which was illegally transferred from her Bank account as GST, Insurance and other charges. Shruthi did not get the car too.

In the third case, 59-year-old Srinivas Rao, a resident of Ramakrishnanagar in city received a message on his mobile phone which stated that he had not updated his electricity bill. He then called the number from which the message was sent and the caller on the other end told Srinivas Rao to install Quick Support App to his mobile phone and transfer Rs. 20. As soon as Srinivas transferred Rs. 20, a total of Rs. 99,000 was illegally transferred from his Bank account. All the three cases have been registered at city's CEN Police Station.

Poultry trader suffers Rs. 7 crore loss; lodges complaint against private company

Mysuru, July 28- A poultry trader, alleging that a private company has cheated him by misusing his cheque which he had given to the company as security, has lodged a complaint against the private company at Devaraja Police Station in city.

K. Kuber Raj, who runs Mahalakshmi Ganesh Poultry Centre at Devaraja Mutton Market, was conducting business with the private company since 1989 and the company, identifying him as a 'Demand Customer' used to give him credit of up to Rs. 30 lakh. The private company had taken two empty cheque leaves from Kuber Raj as security, according to the complaint.

Recently, the company had instructed him to purchase F-15 breed instead of the regular breed and Kuber Raj alleged that he used to suffer between Rs. 80,000 to Rs. 1 lakh daily after purchasing and selling the F-15 breed.

He has further stated in the complaint that when he e-mailed and also called the company over the phone and explained about the losses he was undergoing, the company representatives, who assured him of rectifying the issue, misused the cheques he had given to the company as security which resulted in him suffering over Rs. 7 crore loss.

Based on the complaint from Kuber Raj, Devaraja Police, who have registered a case against the private company's Managing Director Sundarrajan, Karnataka Regional General Manager Kathikeyan, Mysuru Regional Assistant Manager Puttaraju and Marketing Manager Appadore, are investigating.

WORD OF THE DAY

Extradite

Pronunciation: EK-struh-dyte.
Meaning: To extradite someone who has been accused of a crime is to send that person to the state or country that has jurisdiction to try them for that crime.
Origin: Extradite and its related noun extradition are both ultimately Latin in origin: their source is tradition-, tradition, meaning "the act of handing over." (The word tradition, though centuries older, has the same source; consider tradition as something handed over from one generation to the next.) While extradition and extradite are of 19th century vintage, the U.S. Constitution, written in 1787, addresses the idea in Article IV: "A person charged in any State with treason, felony, or other crime, who shall flee from justice, and be found in another State, shall on demand of the executive authority of the State from which he fled, be delivered up, to be removed to the State having jurisdiction of the crime."
Example: "The U.S. State Department on Friday asked authorities in El Salvador to 'immediately' extradite leaders of the international criminal gang MS-13 to be put on trial in the United States." — Nelson Renteria and Brendan O'Boyle

PHRASE OF THE DAY

Third time's a charm

Meaning: When you use the expression 'Third time's a charm' you mean that the third time something is attempted, luck is sure to result. The phrase is also used as an actual good luck charm that's spoken just before you try something for the third time.
Origin: The origin of the phrase 'Third time's a charm' is probably ancient, as things that come in sets of three have often been associated with good luck due to their similarity with the Holy Trinity of Christianity. The first time a similar phrase was seen in print was in 1839, in Elizabeth Barrett Browning's work Letters Addressed to R.H. Horne: "The luck of the third adventure is proverbial."
Example: "I sure hope he doesn't strike out again." Answer: "Maybe he'll get lucky. After all, third time's a charm!"
